Sec. 107-491 - Special exceptions.

- (a) The board may, in a specific case, where the board makes the findings required under subsection (c) herein, grant the following special exceptions from the requirements of this division:
- (1) Permit the reconstruction of a nonconforming building or structure that has been damaged by fire or other cause;
 - (2) Permit the enlargement or extension of a nonconforming use or nonconforming building upon the lot occupied by such use or building at the time of the passage of this division;
 - (3) In undeveloped sections of the city, grant temporary and conditional permits for not more than two years, provided that the grant of a temporary or conditional permit shall not be reason or cause for extension of such permit;
 - (4) Permit such modifications of yard, open space, lot area, or lot width regulations as may be necessary to improve a parcel of land, if the parcel is of such restricted size that it cannot be appropriately improved without such modification; or
 - (5) Permit a public utility or public service building of a ground area or height at variance with those provided for the district in which such public utility or public service building is permitted to be located, when found reasonably necessary for the public health, convenience, safety or general welfare.
- (b) The board may grant such other special exceptions as may be provided for elsewhere in this division, subject to the terms and conditions therein set out.
- (c) Prior to granting a special exception, the board shall make a finding that it is empowered under this chapter to grant the special exception, that the public convenience and welfare will not be substantially or permanently injured in the granting of the special exception, and that the grant of the special exception will not adversely affect the public health, convenience, safety or general welfare.
- (d) In granting a special exception, the board may prescribe appropriate conditions and safeguards in conformity with this division.
- (e) The board shall prescribe a time limit within which the action for which the special exception is required shall be begun or completed, or both. Failure to comply with the time limits set by the board shall void the special exception.
